PORTRAITS ON LOAN FROM HANOVER COLLEGE

The Center is excited to announce an upcoming joint project with Hanover College.

Hanover has loaned the Center two large portraits of the school's most famous alumni: Indiana vice presidents Thomas Andrew Hendricks and Michael Pence.

Portrait of Vice President Thomas Andrews Hendricks painted by renowned Hoosier artist, T.C. Steele c.a. 1900-1904. The impressive portrait in frame is nearly four and a half feet tall! Hendricks served in the Indiana General Assembly, the House of Representatives, the Senate and Governor of Indiana. He was elected vice president in 1885 with Grover Cleveland, but died only months into his term.

In order to display these pieces, the Center is in the process of updating and preparing our new changing exhibit gallery. We look forward to displaying these wonderful artworks, as well as planning public events in the upcoming months.

Please keep an eye on the Center's website and Facebook page for more information on our progress and upcoming events related to our collaboration with Hanover College.

Efforts for EDUCATION 2021 CAMPAIGN

Despite the difficulties that 2020 brought us all, our wonderful supporters stepped up to help us meet our annual campaign goal. Now, 2021 represents a year of reopening, but the challenges of meeting our operations budget still remain.

Our Efforts For Education campaign has begun. Many of you have already received a request for support. With your financial assistance, we will be able to continue our mission **to be the premiere learning experience for our students, visitors and supporters.**

Our goal for this year is to raise \$25,000.00. To date, we have raised \$16,000 thanks to our community's generosity.

However, that leaves \$9,000.00 to go. We ask that you make your first contribution, continue your support, or perhaps consider an increase for this year.

There are additional options to consider: Does your employer have a matching grant program? Would you consider an in-kind service for the Center or underwrite a specific project in addition to your annual gift.

We ask that you explore these options to maximize your gift to the Center this year. Thank you again!

The electrical box for the second floor lighting switches is in need of upgrading.

FACILITY GROUNDS MAINTENANCE & UPKEEP:

We are in need of someone to maintain the landscaping, provide lawn treatment and parking lot/sidewalk snow removal.

UNDERWRITING REMOTE EDUCATIONAL PROGRAMMING:

We are in the process of developing our ability to provide more remote/online content.

Please contact us for all opportunities!

TRAUNER DONATES HISTORIC PRINTING PLATE

The Center received a great donation from Scott Trauner, the former owner and editor of the Huntington County TAB newspaper.

Trauner donated his copy of the metal printing plate of the front page of the August 22, 1988 edition of The TAB. The headline story is, of course, the kick off of the Bush/Quayle presidential campaign from the Huntington County courthouse.

He explained that there are only four copies of the metal plate. His hung over his desk for years until he retired. Now, it hangs in the Quayle section of our exhibit gallery!

Thank you, Scott Trauner!

MAKING ROOM!

A huge thank you to the guys at TW Excavating for helping us move the EXTREMELY heavy old voting machine to its new home at the Huntington County Historical Museum! This will now open up space to create our new changing exhibition area in the first floor gallery.

FALL PURSE BINGO IS SCHEDULED!

The highly anticipated Fall Designer Purse Bingo fundraising event is scheduled for **Tuesday, November 16th at 6:30 p.m. at the PAL Club** in Huntington.

Tickets will be \$25 for 20 games when purchased in advance and \$30 at the door at the event. They may be obtained from members of the DQCF board of directors or through the Quayle Center. You must be 18 to participate.

Please, contact the Center for more information and keep watching our Facebook page for updates and information on the event.

Thank you to the incoming freshmen of Huntington University for their volunteer work at the Center during the 2021 Plunge! The group helped clean up the parking area and sidewalks during their time at the Center.

DID YOU KNOW?

Indiana's first three vice presidents were not born in our state? The fourth, Thomas Riley Marshall was born in North Manchester, Indiana and later moved to Columbia City to live and practice law. He was the first native Hoosier.

He was eventually elected Governor in 1908 and vice president in 1912. He served from 1913 to 1921 under President Woodrow Wilson.

THANK YOU, DAVID BREWER

The Center and the Huntington community lost an incredible leader and friend with the passing of David Brewer.

I think that I, and many others, were amazed reading about David's life and accomplishments. There was so much, and yet he remained humble throughout.

For the Center, David was one of the core founding members who then served continuously on the board thereafter. Service meant more than showing up for meetings. You could count on David, not only for steady and thoughtful guidance, but as one who was willing to get in the trenches and help.

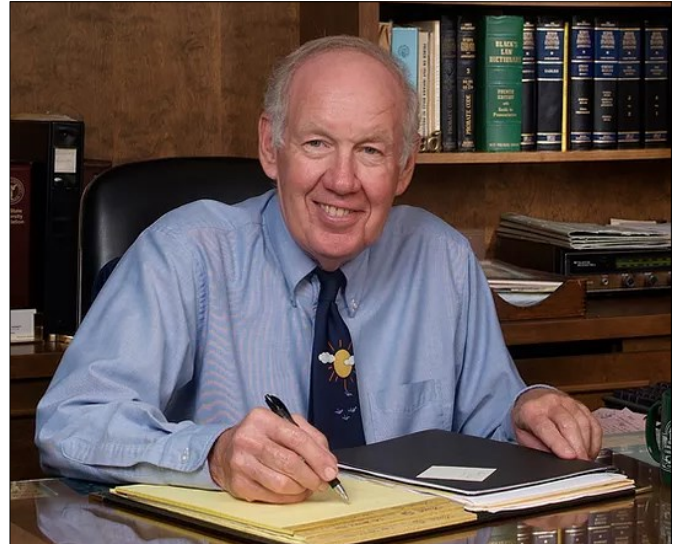

For me, there are a couple of thoughts that especially stand out about David.

After board meetings, David would always stop and talk to me on his way out. He would ask me how I was doing. If it were a rough patch, he would always have words of encouragement for me and a pat on the shoulder.

Furthermore, my son, Matt, and David's grandson were of the same age and both athletes. David would inquire on Matt's

exploits, whether it was track, baseball or college studies. Without fail, he would always ask about me and my kids. He was always genuinely interested in my answer. I appreciated that deeply. Thank you, David. We will miss you and appreciate everything you gave of yourself to the community.
